Since your home tells a lot about who you are, BerryAlloc® provides an extensive range of floor solutions and wall panels in different dimensions and colours. Each of our collections offers a high quality, ease of use and an impeccable aesthetic pedigree.

BERRY  ALLOC®

live life to the full.

Trendy styles, tasteful designs and simple installation: the Spirit collection features vinyl planks & tiles to suit all tastes, ranging from simplicity to luxury, and from accessible to exclusive. Spirit adds so much more to your home than just a floor alone: **a warm and welcoming mood**, a powerful statement, and the ability to enjoy your home without worry.

Our low-maintenance, scratch-resistant floors give you, your children and any family pets **the freedom to be yourself**, in all your splendour. No one can stop you from living life to the full!

that's the spirit.

why choose Spirit?

live carefree.

Any time you spend cleaning and scrubbing is time you don't get to spend having fun with your family. That's why we've made our floors **child-proof and pet-proof**. After all: accidents are bound to happen, especially with children and animals around. Muddy paws, a knocked-over glass or crushed food? No problem at all – our Spirit collection is very **easy to maintain**.

stay true to yourself.

Be yourself in every room and every corner of your home. Each click plank of your Spirit floor has an acoustic underlay. And thanks to its innovative integrated underlay, the click-comfort planks and tiles **minimise the sound** of people walking across the floor **by 20 decibels**. This is what a carefree, stress-free life looks (and sounds) like.

*your floor retains
an even surface at all times*

all about stability.

Our Spirit floors suit homes located in any geographical area: from the sunny and exotic south to the cool, chilly north, your floor will retain its stability throughout despite fluctuations in temperature. Even in humid rooms or **close to large windows** with direct sunlight pouring in, you'll have no trouble installing our click comfort floor or the glue-down. The innovative technology and aftercare of the planks and tiles ensure that your floor retains **an even surface at all times**, even after repeated heating and cooling. This makes Spirit particularly suitable in conjunction with floor heating.

additional layer.

Spirit's elegant design is combined with a limited thickness. Want to remove your existing floor while remodelling your home? No need – you simply install Spirit on top of it, saving you the trouble of breakage, dust, and lots of scrubbing and cleaning afterwards. Tiles, wood, or concrete? **Spirit integrates smoothly with any type of existing floor** – even when there are minor differences in height – and does so in record time.

Spirit integrates smoothly with any type of existing floor

everything you need right nearby.

Whether you choose a floor that clicks into place virtually automatically or glue-down installation that keeps it all perfectly together: our Spirit floors ensure a quick, efficient and **dust-free job**. The result is an attractive interior overnight.

easy install.

Spirit is available in click, click comfort and glue-down

instant makeover.

Spirit provides fast and easy installation. **Install your floor in no time at all**, thanks to the convenient click system or the self-adhesive underlay if you opt for glue-down installation. Alternatively, you can glue the planks or tiles directly onto your existing floor. Your floor serves as your home's centrepiece – it is literally and figuratively the foundation of every room in your home. Need an instant makeover? Choose a new colour, an original new design or a warm, natural touch underneath your feet. Spirit is right at your service!

choose your comfort.

Spirit is available in click, click comfort and glue-down versions. The choice is yours. **Click comfort** always includes **an integrated underlay**. Now that's what we call a win-win! Spirit glue-down attaches to a FastTec self-adhesive underlay or can be glued directly onto your existing floor. Use FastTec to remove your vinyl floor at a later stage if desired, without causing damage to your existing floor.

100% phthalate- free.

Better for you, better for the environment. Spirit is a 100% phthalate-free floor that outperforms the European standard to make a strong statement without compromise. Phthalates are chemical compounds commonly used in the manufacture of vinyl floors. So we've made sure that with our Spirit floors **no harmful substances are released**. We do this not because we need to do it, but because we believe it's important. Our **A+ certificate** speaks for itself.

**choose

add colour to your life.

what's
your favourite
look & feel?

colour outside the lines.

Flaunt your colourful style and your personality through your home. **Redesign your space by choosing the right colour tiles or planks.** Use the colour effects strategically and design your home to suit your style. A light floor will make your room appear larger, while dark colours enhance the atmosphere.

Choosing the right colours for your floor also determines the mood in your home. Opt for the bright effect of a pale floor – or are you ready for the intensity of black tiles or planks? By creating a sharp contrast between your decor and your floor, you can really get the most out of your style options. If you want to go for a more luxurious look, you're sure to find the grey shade you need in the Spirit collection.

home.

Home combines a stylish design with a sense of warmth and domesticity. We offer the right Home tile or plank for any home and any room. The name says it all: Home offers the kind of floors that will **turn your house into a real home**. But it would also look good in any hotel room, if you're looking to give your guests a warm welcome.

+ a sense of warmth
+ domesticity.

easy maintenance.

Spirit is designed to last and last... including resistance to roughhousing, boisterous furry friends or practising dance steps around the room. "Low maintenance" is Spirit's middle name. The stain- and moisture-resistant coating makes cleaning fast and easy.

You can further extend the life of your floor by using the right products. A strong PU protector adds extra protection to your top vinyl layer, while the cleaner keeps your floor impeccable and hygienic at all times, both for first-time and regular use. **You can quickly clean your floor** without the need to rinse afterwards, leaving more time to focus on the fun stuff.
